Please refer to my last chat with Cameron and note that this email states to opt in by entering the bonus code and buying the tickets. I entered the bonus code and did not get an error message. A little while later I looked into it some more. I am a casino meister member and I have a Reverbnation that is Top 100 in the country, and number 10 in the GTA for 2 years. I have a little sway. Great promo. Too bad it's a lie. Please fix it before I go public
